Job Shadowing Activity Plan 18—22 Mars 2024

The Objectives of the Erasmus Project : "Leave a Mark"

1. Observation of examples in the EU in order to support empathy, knowledge, skills and behavioral exchange between students with normal development and students in need of special education and to increase the quality of in-school practices.

2. It is aimed to bring our students with special needs and students in regular education together on a common ground to understand each other and to express the feelings and thoughts they experience.

3. To improve the social development and cooperation skills of students with normal development and individuals with special needs.

4. Creating an environment to increase the level of peer interaction between students with normal development and students with special needs.

5. To prepare an environment where students with normal development can teach a concept or skill to students with special needs (by designing a material or using digital tools) using reverse inclusion practices.
